

Celebrating 33 Years of Excellence in dance education.

It is our pleasure to welcome you into our dance community where we are one! It is our goal to enhance the full creative development of our students.

Step I provides young movers with exceptional training, so every dancer can reach their full potential as artists. We deliver the finest all-around dance experience for your student by offering a wide variety of styles and levels, performance opportunities, and the highest caliber dance instruction.

Our studio is so much more than a training course for young dancers; it is a diverse, inclusive, family-friendly community. Our exemplary instructors follow our vision to not only develop a dancer's love and ability in dance, but to do so in a nurturing and supportive way.

It is our mission to consciously create a family environment that helps cultivate confidence and a positive self-image, as students build friendships that will last a lifetime.

We invite you to join our Step I Family today!
